

ALCLEAR[®]
The World of Perfect Surfaces

20Years
Premium Quality

Automotive system solutions

For OEMs, vehicle finishers and painters

Cleaner | Polishing machines | Abrasive and polishing products | Polishing discs and support plates | Special ultra microfibres towels

ALCLEAR Private label production

The perfect surface as a challenge

The family business ALCLEAR® owes its innovative power to its location in Germany, the country with the highest-quality vehicles, the most creative engineers, and the highest-quality requirements. For more than 20 years, we have been manufacturing cleaning and care products for the international vehicle care industry, some of which have set industry standards. Our goal is to always to provide our customers with a system that allows a perfect surface to be realized. Our slogan is: If it is better than good, then it is ALCLEAR®.

Research, production and sales from one source

In research and development, ALCLEAR® pursues the highest quality standards and manufactures its products exclusively from highly developed and proven raw materials. ALCLEAR® customers work with our system assortment particularly effectively and reliably. We serve all segments of the automotive care business from the automotive group through vehicle care companies to the car wash chain.

ALCLEAR® invests in the future

The ALCLEAR® manufacturing facility near Düsseldorf is your partner for any application advice as well as the implementation of your own private label product series. ALCLEAR® supports companies from product design to ready-for-sale packaging – even for chemical products such as polishes and cleaners, which we fill and label with our fully automated machines. In our opinion, the partnership and successful cooperation with our customers is the most important investment in the personality of ALCLEAR®.

Made in Germany
is a promise of quality for ALCLEAR®.

Pad manufacturing

- polishing pads in the desired dimensions and individual foam quality
- foam parts in any shape
- manufacturing techniques: cutting, milling, gluing, punching, logo printing, packaging
- modern, CNC controlled machinery in Germany

Bottler

- fully automated bottle filling, labelling and packaging of liquids
- large selection of cleaners, which our customers receive with their own label
- label design and production precisely adapted to customer requirements
- highly flexible handling, even with small print runs

Private label & full service

- competent consulting, creative design and professional implementation of your brand image
- determining your product portfolio from polishing cloths to foam pads to cleaners
- highest quality standards through German production
- many years of industry experience and a wide range of products

ALCLEAR Precleaning/Outside wash

ALCLEAR® Precleaner

- concentrated, alkaline, high-foam pre-cleaner
- used for car and truck pre-wash even with stubborn adhesions
- effortlessly removes insects, bird droppings, etc.
- excellent material compatibility

Item no.	Quantity
722VR	25 litre canister, concentrate

ALCLEAR® Insect Remover

- effective, alkaline speciality cleaner
- removes insects without a trace and is gentle on paint, chrome, glass, and plastic parts
- simple to use

Item no.	Quantity
721IE	1 litre spray bottle, ready to use
722IE	20 litre canister, concentrate

ALCLEAR® Wheel Rim Cleaner, acid-free

- pH-neutral wheel rim cleaner for removing brake dust, dirt and rust
- adheres reliably; effect is indicated by colour indicator
- gloss effect on all rims

Item no.	Quantity
721FR	1 litre spray bottle, ready to use
722FR	20 litre canister, concentrate

ALCLEAR® Wheel Rim Cleaner Plus

- highly alkaline high-performance wheel rim cleaner
- concentrated action, acid-free
- effective removal of brake dust and stubborn dirt

Item no.	Quantity
721FRP	1 litre spray bottle, ready to use
722FRP	20 litre canister, concentrate

ALCLEAR® Car Shampoo

- highly concentrated, special shampoo, gentle on paintwork
- with gloss and beading effect, NTA-free
- effective, thorough vehicle cleaning
- ideal application with ALCLEAR® Wash Mitt

Item no.	Quantity
721AS	1 litre bottle, ready to use
722AS	20 litre canister, concentrate

ALCLEAR® Glue and Stain Remover, sharp

- highly effective removal of glue and stains
- produced on a solvent basis
- free of halogenated hydrocarbon polymers

Item no.	Quantity
722FE	20 litre canister, concentrate

Polishing / Car Detailing / Car Cosmetics

ALCLEAR Cleaner

ALCLEAR® Tire Care, glossy

- produces gloss on rubber and plastic parts such as tyres and rubber door seals
- care and colour rejuvenation for external use
- fast application, long lasting effect

Item no.	Quantity
721RP	1 litre spray bottle, ready to use
722RP	5 litre canister, concentrate

ALCLEAR® Tire and Interior Trim Care, silk-matt

- produces silk-matt gloss on rubber and plastic parts such as tyres and rubber door seals
- care and colour rejuvenation for external use
- fast application, long lasting effect

Item no.	Quantity
721RK	1 litre spray bottle, ready to use
722RK	5 litre canister, concentrate

ALCLEAR® Engine Enamel Gloss

- maintains engine parts, covers and tubes
- produces preserving protective film, colour-rejuvenating
- application on dry and wet surfaces

Item no.	Quantity
721MG	1 litre spray bottle, ready to use
722MG	20 litre canister, concentrate

ALCLEAR® Glass Cleaner

- glass cleaner with beading effect for car windows, windows, chrome, and plastic
- removes stubborn dirt reliably
- supports fast drying

Item no.	Quantity
721GR	1 litre spray bottle, ready to use
722GR	20 litre canister, concentrate

ALCLEAR® Interior Cleaner – Multi-purpose Cleaner

- special cleaner with depth effect and pleasant fragrance
- removes dirt deeply and thoroughly
- application on cockpit, seats, floors, headliners, etc.

Item no.	Quantity
721IR	1 litre spray bottle, ready to use
722IR	20 litre canister, concentrate

ALCLEAR® Leather Care

- premium leather care for a silky matt finish
- nourishes, preserves, and protects smooth leather and suede
- rejuvenates colours and produces a pleasantly soft surface

Item no.	Quantity
721LP	1 litre spray bottle, ready to use
722LP	5 litre canister, concentrate

ALCLEAR Abrasive and polishing agents

ALCLEAR Abrasive and polishing discs

ALCLEAR® Abrasive Paste

- machine polish for polishing from abrasive grain 1,500 and up
- application by strongly weathered paints and special lacquers
- achieves a uniform grinding pattern as a basis for further applications

Item no. Quantity

71001SP	1.0 kg
71005SP	5.0 kg

ALCLEAR® Prime Lamb Wool Polishing Pad

- ideal for removing heavy weathering, scratches, etc.
- application with abrasives
- manufactured from dense, selected lamb wool
- perfect premium quality with OEM approval

Item no. Size/colour

86080	Ø 80 mm, natural
860135	Ø 135 mm, natural
860150	Ø 150 mm, natural

Abrasion strength

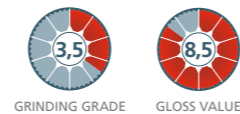

ALCLEAR® Abrasive and Anti-hologram Polish

- polishes new varnishes hologram-free in one application
- particularly suitable for 'scratch resistant' varnishes
- removes grinding points from 2,500 grain and up
- deep gloss on all paints (OEM approved)

Item no. Quantity

71001AH	1.0 kg
71005AH	5.0 kg

ALCLEAR® Abrasive Pad, hard

- abrasive, open-cell abrasive sponge to remove scratches and signs of weathering
- high abrasion performance with low heat build-up

Item no. Size/colour

558030H	Ø 80x25 mm, white
5513530H	Ø 135x25 mm, white
5516030H	Ø 160x30 mm, white

Abrasion strength

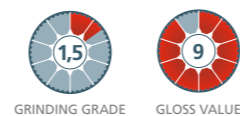

ALCLEAR® Finishing Polish

- finishing polish for new varnishes
- produces hologram-free, deep gloss
- particularly suitable for 'scratch resistant' varnishes
- OEM approved

Item no. Quantity

71001F	1.0 kg
71005F	5.0 kg

ALCLEAR® Ceramic Cutting Pad

- medium-hard, open-cell grinding and polishing sponge
- developed for the new 'scratch-resistant' OEM lacquers
- high abrasion performance with low heat build-up

Item no. Size/colour

5516030G	Ø 160x30 mm, green
----------	--------------------

Abrasion strength

ALCLEAR® Quick Sealing

- cleans and seals paints and plastics
- high gloss for vehicles and interior
- biodegradable and completely non-toxic
- inhibits dust and light dirt
- application with ALCLEAR® Double sided all-rounder

Item no. Quantity

711005V	1 Liter
710105V	10 Liter

ALCLEAR® US Cutting Pad

- medium-hard, open-cell polishing sponge
- adapted for single-stage polishing systems
- developed for the market in the USA and Europe

Item no. Size/colour

5516030US	Ø 160x30 mm, blackberry
-----------	-------------------------

Abrasion strength

ALCLEAR® Abrasive and polishing agents do not contain any fillers · Silicone-free · Made in Germany · For application instructions, see page 23

**ALCLEAR® Abrasive Pad, medium**

- medium-hard grinding and polishing sponge
- low tendency to form holograms in connection with grinding and polishing agents
- long service life with low heat generation

Item no. Size/colour

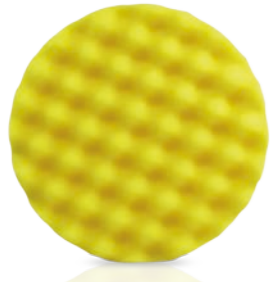

558030M/B Ø 80x25 mm, yellow/blue
 5513530M/B Ø 135x25 mm, yellow/blue
 5516030M/B Ø 160x30 mm, yellow/blue

Abrasion strength**ALCLEAR® Finishing Pad against Holograms**

- popular very soft, open-cell finishing sponge
- deep gloss finish
- adapted to ALCLEAR® Finishing Polish

Item no. Size/colour

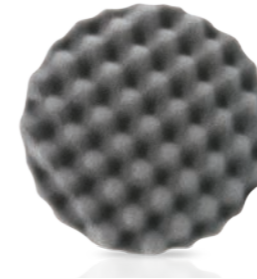

558030F Ø 80x25 mm, anthracite
 5513530F Ø 135x25 mm, anthracite
 5516030F Ø 160x30 mm, anthracite

Abrasion strength**ALCLEAR® Abrasive Pad, medium waffle shaped**

- medium-hard grinding and polishing sponge with waffle design
- low tendency to form holograms in connection with grinding and polishing agents
- long service life with low heat generation

Item no. Size/colour

568030M Ø 80x25 mm, yellow
 5613530M Ø 135x25 mm, yellow
 5616030M Ø 160x30 mm, yellow

Abrasion strength**ALCLEAR® Finishing Pad against Holograms, waffle shaped**

- popular very soft, open-cell finishing sponge with waffle design
- deep gloss finish
- adapted to ALCLEAR® Finishing Polish

Item no. Size/colour

Explanation of the indicated sizes: polishing diameter / velour diameter x height

ALCLEAR® Special Support Plate for Eccentric Tappet

- ventilated special velcro plate with firm foam rubber damping
- ideally adapted to ALCLEAR® Pads for RUPES® Bigfoot Mark II

Item no.	Size/colour
60123R	Ø 123 mm, red
60147R	Ø 147 mm, red

ALCLEAR® Professional Support Plate, fixed

- first-class velcro support plate with firm foam rubber padding
- elastic all the way to the edge for perfect guidance
- ideally adapted to ALCLEAR® Grinding and Polishing Pads
- M14 thread (others on request)

Item no.	Size/colour
6075F	Ø 75 mm, red
60123F	Ø 123 mm, red
60140F	Ø 140 mm, red

ALCLEAR® Professional Support Sandwich Plate

- high-end velcro support plate with special construction
- three foam layers (firm – soft – firm)
- milled velcro edges for longer durability
- ideally adapted to ALCLEAR® Grinding and Polishing Pads
- M14 thread (others on request)

Item no.	Size/colour
60123SW	Ø 123 mm, red
60140SW	Ø 140 mm, red

ALCLEAR® Professional Support Plate, soft

- velcro support plate with dual-layer structure
- robust velcro pad with two layers of foam
- effective avoidance of holograms
- ideally adapted to ALCLEAR® Grinding and Polishing Pads
- M14 thread (others on request)

Item no.	Size/colour
60123S	Ø 123 mm, red
60140S	Ø 140 mm, red

Other diameters and thread sizes upon request.

Other dimensions and logos available on velcro side upon request.

LHR15II STD (Mark II)
LHR21II STD (Mark II)

FLEX PE 14-2 150 POLISHFLEX

- powerful 1,400 watt motor with powerful fan for optimal cooling
- grip cap: ergonomically shaped with SoftGrip
- slim long handle and ergonomically shaped grip cap for optimal handling and effortless polishing
- M14 thread

Item no.

PE 14-2 150

FLEX Eccentric Polisher XC 3401 VRG

- 8 mm polishing stroke for high efficiency
- permanent forced drive for a uniform polishing pattern
- removable, ergonomic bail handle and grip cap for optimal handling in all areas of application
- ideal for temperature sensitive paints due to low heat generation

Item no.

XC 3401 VRG

FLEX XFE 7-15 150

- eccentric polishing machine with 15 mm stroke
- free-wheeling drive for hologram-free finish
- extremely smooth-running
- ideal for temperature sensitive paints due to low heat generation

Item no.

XFE 7-15 150

NEW

Other RUPES® and FLEX® machines are available upon request.

ALCLEAR Ultra-microfibre cloths, seamless

- ALCLEAR® Double-sided All-rounder**
- excellent application with 2 different sides
 - ultrasonic edge, excellent high-gloss finish
 - fluffy professional quality with long service life
 - high pile and reliable absorption of polishing residue
 - silicone-free
 - grammage 440 g/m²

Item no.	Size/colour
820203UB	40x40 cm, blue
820203UW	40x40 cm, white
820203UG	40x40 cm, grey

- ALCLEAR® Waffle Stick**
- high quality professional polish cloth
 - finest edge without overedging thread
 - for extremely sensitive varnish and finish applications
 - high dirt binding
 - silicone-free
 - grammage 340 g/m²

Item no.	Size/colour
820227	40x40 cm, yellow

- ALCLEAR® Waffle-Shaped All-rounder**
- Ultrasonic edge
 - for extremely sensitive varnish and finish applications
 - Ideal for varnishing and finishing areas
 - high dirt binding
 - silicone-free
 - grammage 340 g/m²
